**BANKRUPTCY INDUSTRY EXPERT, LAURA CAMPBELL,
JOINS DONLIN, RECANO & COMPANY, INC.**

NEW YORK CITY, NY – January 26, 2009 – Donlin, Recano & Company, Inc. (DRC), the leading bankruptcy management consultancy, announced today that Laura Campbell has joined the firm as a Senior Case Manager. As a thought leader and veteran of the bankruptcy community, Campbell will work with partners Lou Recano and Scott Stuart to provide an elevated standard of client services and response management to Donlin Recano’s extensive client base.

“We are delighted to welcome Laura Campbell to the company. Her desire to ease the burden of the bankruptcy process complements our corporate culture perfectly,” said Lou Recano, Chief Executive Officer of Donlin Recano. “Laura understands the need to place emphasis on client services, which is a benefit larger clients do not get due to the amount of work on the case. This comprehension uniquely separates Donlin Recano from our competitors.”

Campbell joins DRC from Epiq Systems. With over two decades of experience in the bankruptcy industry, Campbell has worked on a number of high profile cases including Citation Corporation, Global Home Products LLC, The Discovery Zone, Grand Union and Sunbeam Corp. Campbell focuses on ethical processes and checks and balances to ensure a client’s claim is supported and maintained properly, a critical asset to the industry.

“Joining DRC allows me to return to the roots of client services by working directly with attorneys, clients and consultants, on a more personal level, an advantage not offered by many larger firms,” said Laura Campbell. “The loyalty and dedication of the case management staff is an important factor in the proper handling of the case. Personal interaction can have tremendous impact on positive results and offers a feeling of security not communicated through email.”

In addition to her experience with Epiq, Ms. Campbell has held positions at Bankruptcy Services, LLC, Integrated Resources, Inc., Kaye Scholer LP Law Firm, and Union Pacific Corporation. Campbell’s appointment benefits Donlin Recano’s extensive client base as a result of her understanding of all aspects of bankruptcy management processes as well as the value of superior client services for clients of all sizes.

About Donlin Recano

Donlin Recano is the leading claims management company that has served over 200 national clients across a broad range of industries and business sectors. Working with counsel, turnaround advisors and the affected company, Donlin Recano helps organize and guide Chapter 11 clients through administrative bankruptcy tasks, including provision of Web site-accessible information, formation of professional call centers, management of claims, balloting, distribution and other administrative services.

The company also provides similar services to creditor committees of clients in an effort to comply with The Bankruptcy Abuse Prevention and Consumer Protection Act of 2005.
